# Malaysian Sports Journal (MSJ)

## Editorial

Malaysian Sports Journal (MSJ) is a peer-reviewed journal, publishing worldwide high-quality and impactful papers of medical, scientific, technical, business research in the different fields of sports and physical activities: sport medicine, exercise physiology, sport physiology and performance, nutrition, traumatology relating to sport, rehabilitation or adapted physical activities. It facilitates the transfer of knowledge and technology between the clinic, research and practice in physical and athletic activity. Malaysian Sports Journal (MSJ) considers for publication articles, reviews, technical or clinical notes and letters to the editors, provided that the methodology and scientific content are of high quality, and that the results will have substantial clinical impact and/or physiological importance.
